

EVENT CANCELLED 3/10/20

Situating Catholicism in the Philippines: Anthropology, Theology and Pastoral Practice among the Indigenous Peoples of Mindanao

A lecture by Karl Gaspar, PhD, CSsR

From the perspective of Mindanao's indigenous people, Dr. Gaspar will be examining the role of Philippine Catholicism, one that spans Spanish rule, the Philippine Revolution in 1896, the subsequent period of American colonial rule and Protestant missionary work in the first half of the 20th century. He will reflect on how these have shaped current theological, pastoral and anthropological concerns for the Church vis a vis Mindanao's indigenous peoples, a consideration that takes into account Vatican II, the work of Base Ecclesial Communities (BECs) and the call to action arising from Pope Francis' *Laudato Si*.
