Chair of Undergraduate Nursing
Department

ABOUT THE PRAXIS PROGRAM

- Advanced Faculty Development
- Interdisciplinary Learning Community
- Understanding and Appropriating Seton Hall's Mission
- Seeking Authenticity and Truth through Bernard Lonergan's GEM

ABOUT THE PETERSHEIM ACADEMIC EXPOSITION

The Annual Petersheim Academic Exposition is a university-wide event that celebrates the scholarly achievement of undergraduate and graduate students through the sights and sounds of academic knowledge and its application, honoring the innovative spirit of its founder, Matthew Petersheim, PhD, associate professor of chemistry, who passed away in 1998.
