

Nokia E-71 :: Student email setup – supplemental

If you are unable to connect to your student email account, it may be due to an incorrect setting in your Mail for Exchange Profile. The following document will cover updating your Mail for Exchange Profile to connect via the Seton Hall University wireless network.

Nokia E-71 :: Setting the Access Point for Seton Hall University Wireless

1. Start at the Home Screen.
Select **Menu**

2. Select the **Mfe (Mail for Exchange)** folder

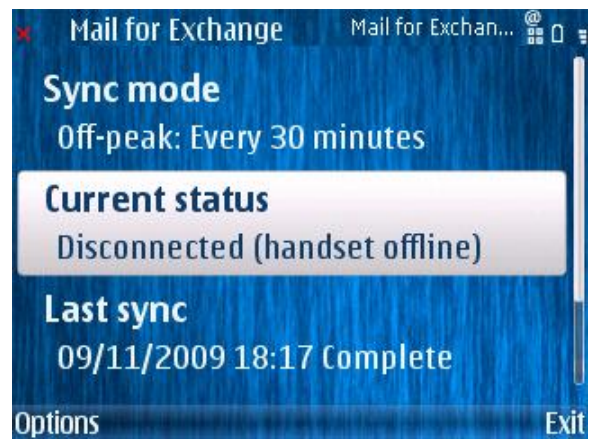

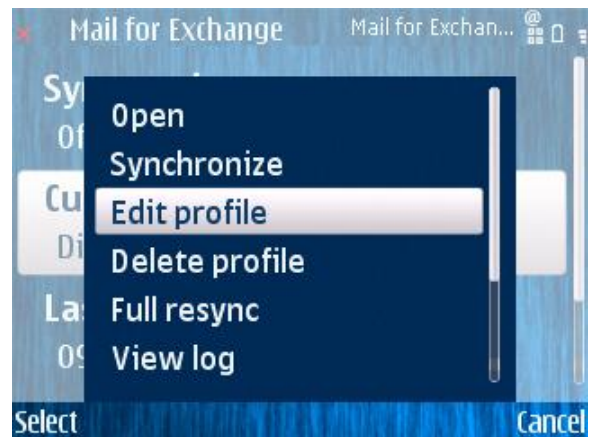

3. Select the **Mail for Exc...** icon

4. Scroll down to **Current Status** and then select **Options**

5. Select **Edit profile**

6. Select **Connection**

7. **Edit** the Access point field to say **Shu Campus** or **SHU wi-fi**

Select **Back**, then exit.
