

Compensation and Welfare Committee Report

October 8, 2021

The C&W committee did not meet this month. The chairs of the committee met with the Benefits Advisory Committee to discuss the proposed increases to employees' health insurance. Given our frustration with the answers we received on certain key issues related to the increase, we followed up the meeting with an additional request for information. This was sent through Associate Provost Lillquist to Human Resources. We will hopefully be able to report on this at the Senate's next meeting. Our next committee meeting is October 18, 2021.

Respectfully Submitted,

Sona Patel and Roseanne Mirabella
Co-Chairs, Compensation and Welfare
