

## Memorandum

To: Faculty Senate  
Seton Hall University

From: Katia Passerini, Ph.D.  
*Katia Passerini*  
Provost and Executive Vice President

Re: Report to the Board  
*2021-FS-24*

Date: September 22, 2021

---

The Provost's Office is in receipt of the Faculty Senate motion regarding the Report to the Board passed at the Senate's September 10 meeting. The senate voted to approve a resolution asking the Provost to provide a copy of the report she gave to the Academic Affairs Committee of the Board of Regents at its August 27 meeting, including all its reports and recommendations, to the Faculty Senate.

The motion is correct that we prize shared governance. It was for that reason that the Provost supported the invitation of the President of the Faculty Senate to be present when the Provost presented this report to the Academic Affairs Committee on August 27. Note, we do have a different reading of section 11.4 of the faculty guide than this resolution puts forth.

At this time, when the report requested by the Academic Affairs Committee is still with that committee and has not been acted on by the full Board of Regents, it is not yet appropriate for the Provost to share the report. But the Provost will look forward to presenting the report to the Faculty Senate when appropriate, and this may be as early as the October meeting of the Faculty Senate.
