

UCCC Motion 1 for 5/20/22 Senate Mtg.

Whereas internationalization of the SHU curriculum is a strategic priority . . .

Whereas the academic integrity of the CORE curriculum and its processes, and of the academic departments and their processes, is essential to the Catholic mission of the University, broadly understood, . . .

Whereas, Rome Connection (CORE 2-University CORE) is a credit bearing, faculty-led study abroad course . . .

Be it resolved that the same study abroad course approval procedures should apply to CORE 2101: Rome Connection as they with all other faculty led study abroad university courses.
